And now it is—the National Summertime Pack Award recognition pin is changing! Now a boy who actively participates in his pack's summer activities and earns the Summertime Pack Award each year earns a different pin that matches the neckerchief slide of his program level. By the time he is a second-year Webelos Scout, he can sport four different pins: orange from when he was a Tiger Cub, red for his Wolf Cub Scout summer, green that he earned when he was a Bear Cub Scout, and navy as a Webelos Scout.

You'll have no more "ho-hums" of disappointment at receiving the "same old pin" after a busy summer of fun. Boys truly will be earning a new Summertime Pack Award each year.

Spread the news and get every pack committee planning or fine-tuning their plans for an active outdoor summer filled with fun!
